## PUBLIC NOTICE

State law<sup>1</sup> requires that election officials manually audit a sample of voted ballots. This audit must be performed after each general election.

The Dorchester County Board of Elections will conduct the manual ballot audit of the 2024 General Election starting on Friday, February 7, 2025 at 10:00 AM. This audit will take one day to complete and will take place at the Dorchester County Election Office, 1000 Goodwill Ave., Cambridge, MD 21613. The audit is open to the public; however, we ask for you to call and reserve a seat 410.228.2560.

The Dorchester County Board of Elections will manually tally a sample of votes cast for U.S. Senator and compare the results of the manual tally against the results from the voting system. This process will determine whether the voting system accurately counted ballots during the 2024 General Election.<sup>2</sup>

The State Board of Elections randomly selected the early voting center and election day precincts to be audited, and the Dorchester County Board of Elections randomly selected the mail in and provisional ballots to be audited. Starting on February 7, 2025, the Dorchester County Board of Elections will manually tally the votes for U.S. Senator on:

1. 422 ballots cast on one scanning unit on the 1<sup>st</sup> day of early voting at the Dorchester County Election Office
2. 239 ballots cast on election day in Precinct 09-001
3. 507 ballots cast on election day in Precinct 14-001
4. 50 mail in ballots
5. 50 provisional ballots

<sup>1</sup> See Election Law Article, §11-309 of the *Annotated Code of Maryland*. This requirement introduced as House Bill 1278 of the 2018 Legislative Session and is reported as Chapter 523 of the 2018 Laws of Maryland.

<sup>2</sup> Before the 2022 General Election was certified, the State Board of Elections conducted an automated audit of **all** of the ballots cast in the 2022 General Election. The results of this audit confirmed the accuracy of the voting system. The results of the automated audit are at:
